Looks like Jim is at the Standard Mine all week – I will leave a voicemail but not sure if he will respond or not.

Hi, Joy.

I took a quick look at the Red and Bonita POLREPS, and I don't see anything about bulkheading the Gold King. As far as I know, there aren't any POLREPS for the Gold King, which was being addressed under the Red and Bonita Removal Action.

Deliberative Process/Ex. 5

Thanks!

Cynthia
